

Advanced Fair Housing Workshop

**FREE
Training**

for Property Managers and Housing Professionals

The Advanced Fair Housing Workshop is designed to help you be proactive—to prevent violations of the fair housing laws before they occur.

The workshop will include small group discussions about realistic rental housing situations. Special emphasis will be on reasonable accommodations and modifications. The workshop will be led by Patricia Ender, Pine Tree Legal Assistance staff attorney and fair housing coordinator.

Who should attend?

Property managers, public housing authority staff, and housing advocates—whatever your role, you must be familiar with the federal Fair Housing Act, as well as state and local fair housing laws. This knowledge is not only critical to prevent costly violations, it also promotes good business practices.

The workshop is geared for those who have already mastered the basics or who need a fair housing update.

These workshops are funded in part by the U.S. Department of Housing and Urban Development.

Fair housing exists when all residents of a community can live in a decent, safe, affordable home of their choice.
