Ladies/Gentlemen: I am in Portland this evening and am unable to be present and the Planning Board meeting. I strongly oppose any change in conditions relating to the use of the structure/premises that Mr. Donovan is presently involved with on Garfield Street, Long Island. I certainly oppose any catering or an increase in the number of patrons allowed on the premises at any one time due to the noise and commotion it would bring not only to my property, but to the Catholic Church which conducts Mass on Saturday afternoons during the summer, as well as to the residents of the condominiums across the street. I strongly urge you to deny any change.

Carmen Robertson

17 Garfield Street

Long Island, ME
