Selectmen's Discussions and Decisions
February 20, 2014

Selectmen present: John Norton and Marie Harmon

1. Met with the Treasurer to discuss public works budget and expenses for FY 14.

2. Met with Brad Brown to discuss Planning Board business.

   Discussed a proposed street opening permit.
   Discussed a proposed change-of-use for the Long Island Store.

3. Met with the Town Clerk concerning parking during snow removal event on March 1st and 2nd.

   It has come to the attention of the Board of Selectmen that delinquent vehicles parked in the long-term parking have impeded snow removal in the municipal parking lot. It is evident that the lack of enforcement of parking regulations has had an impact on the snow clearing capabilities of the Town.

   Action: going forward, the Town will be more vigilant in enforcing parking regulations.

4. Met with representatives from the Fire Department and Finance Committee to discuss the Fire and Rescue budget.

   Increases expected in building maintenance inline with increases in heating oil. Furthermore, the waste oil line item will be moved from the Solid Waste budget to the Fire Department budget because the Fire Department is the only department that utilizes waste oil.

   Increases in the rescue boat maintenance line item reflect needed cleaning and maintenance.

   Action: The Fire Department will submit a list of maintenance project to justify the large increase in the rescue boat line item as well as the number total gallons of oil consumed for heating the Fire Barn for future budgeting needs.

5. Discussed proposed electronic mooring system presented by the Harbormaster.

   Discussion tabled for next meeting.

   Action: Island Fellow will develop a two-pager to help illustrate the proposed fee schedule with Online Mooring.

6. John made a motion to accept the minutes from 2/18/2014.
