

TOWN OF LONG ISLAND, MAINE

COVID – 19 UPDATES

DATE: March 31, 2020

RETURNING ISLAND RESIDENTS/VISITORS

If you are determined to return to the island, we urge you to bring your own food, pharmaceuticals and other needed supplies with you so as not to diminish the limited supplies available on the island and to self-quarantine for the recommended 14 days.

Today, the Governor ordered that anyone coming to Maine from another state or returning to Maine after visiting other places to self-quarantine for 14 days.

Governor Janet Mills today also issued a series of substantial new mandates to protect public health and safety in the face of COVID-19, including a Stay Healthy at Home directive that requires people living in Maine to stay at home at all times unless for an essential job or an essential personal reason, such as obtaining food, medicine, health care, or other necessary purposes.
