Cc Bradley B brown <planningboard@townoflongisland.us>, PB Secretary <planningboard.secretary@townoflongisland.us>
Date 2021-05-13 16:46

CEO

1. Gilbert-/ 1015 Island Ave -satisfied additional information and sent double the permit fee for beginning before work started. Permit was issued.
2. Shminski's septic permit was issued. Mike Lingley was in still upset about the permit but Jim was able to explain it to him.
3. Cow Island/ Ripple sent the building permit for solar panels, no feedback from Jim yet
4. Ray Keith building permit is all set, just waiting on the permit fee
5. no updates on the issue regarding an obstruction of a private right of way but is in the shoreland zone
6. Curt has been working on a program to make abutter notifications easier
7. Chris Papkee submitted plans for a new home, Jim reviewed and had a lengthy conversation with the modular home folks. This modular is already built but didn't get set by the owners. Jim is requiring they submit plans showing where and how this home will be set on Long Island before proceeding.

Clerk / Town Meeting

1. CC is set up, guidance says we can have 67 inside max, I have 47 currently spaced 6 ft apart and can probably squeeze a few more once the outside chairs go out.
2. Doors open at 7:15, if anyone wants to come early to help with outside chairs that would be great.
3. Brian, will you double as a note taker?
4. business license renewals need to go out for the July 1 renewal. We need to have a public hearing - what date would you like to use? It goes in the letter to the businesses and posted in PPH. June 17?

Wellness-

1. vaccine clinic scue
2. CBDG check for the telehealth equipment came.
3. Kimberly MacVane has put out a PT survey and there is a woman from Chebeauge who is a physical therapist interesting in practicing on Long that I'm also working with
4. Community Needs Assessment Survey is still being worked on
