

Youth Forum Write-Up by Alanna Rich

The youth forum was called "Teen Envision." It was quite casual and took place at the Community Center on Friday evening, Aug 20, 2021. We had set up some beverages, a Just Dance video game and if attendees filled out the online survey or shared their ideas on the Post-it Notes for the Comprehensive Plan, they received a reusable mug with the Long Island logo donated by Evergreen United Methodist Church. Once the teens saw others with the mugs out and around, that drew more kids in because they wanted a free mug too! However, nobody stayed to dance. My 3 children volunteered to help me set up and break down the event (Zalea, Marshal & Tilly Rich). About 30 kids participated.
