The School and Finance Committees Recommend \$299,486.

Explanation: The Town's contribution to the total cost of funding public education from Kindergarten to grade 12 as described in the Essential Programs and Services Funding Act is the amount of money determined by state law to be the minimum amount that a municipality must raise in order to receive the full amount of state dollars minus General Purpose Aid, which this year is projected to be \$21,746

The School and Finance Committees recommend **\$151,897.00** for additional local funds and gives the following reasons for exceeding the State's Essential Programs and Services funding model by **\$299,486.00**: EPS does not fully support all the necessary costs of a K-12 educational program, such as: (1) Special Education costs (2) transportation and bus costs and (3) staffing required in a small K-5 school.

Explanation: The additional local funds minus anticipated revenues are those locally raised funds over and above the Town's local contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act and local amounts raised for the annual payment on non-state funded debt service that will help achieve the Town budget for educational programs.

ARTICLE 31 SUMMARIZES THE PROPOSED SCHOOL BUDGET

Article 31. Shall the Town authorize the School Committee to expend **\$609,647.00** for the fiscal year beginning July 1, 2021 and ending June 30, 2022 from the Town's contribution to the total cost of funding public education from Kindergarten to grade 12 as described in the Essential Programs and Services Funding Act, non-state funded school construction projects, additional local funds for school purposes under the Maine Revised Statutes, Title 20-A, section 15690, unexpended balances, tuition receipts, state subsidy, and other receipts for the support of schools?

The School and Finance Committees Recommend \$609,647.00.

Explanation: This is a summary article and approves expenditures of the proposed budget of \$609,647.00. This article authorizes the School Committee to spend the money appropriated in the previous articles, plus other revenues. This article does not raise any additional money
